## Hello! West Hartford™

Was established to embrace the diverse cultures in our town. With over 80 languages spoken in our schools, a way to bridge cultures was essential. It was decided that the simplest way would be a townwide "Hello!" and *Hello! West Hartford* was born.

### **Belief Statement**

We believe that:

- Culture in our community is enriching
- Authentic cultural experiences are essential
- Language and cultural barriers are broken down through mutual understanding

### **Mission**

As a non-profit multicultural organization we:

- Connect our community through culture and language
- Create mutual understanding, access to, and awareness of our global community
- Collaborate with schools, government, businesses and individuals in our town
- Celebrate and embrace cultural experiences and traditions
- Cultivate relationships and opportunities that promote global citizenship

#### Vision

To create a multifaceted West Hartford Cultural Center to enrich and engage the community through a range of programs and initiatives where all individuals feel equally valued and empowered.

## What's Happening!

In West Hartford, one in four families speak a language other than English. Hello! West Hartford wants to hear everyone's voice. During the year, cultural events take place throughout town. Two students from Hall and Conard are honored with the Dr. Karen L. List Global Ambassador Award. Videos that feature culture, customs and traditions are produced by schools, friends, and community groups with the support of WHCTV's *Be the Media*. Visit our website to watch videos that showcase a West Hartford language.

Charter Oak International Academy – Spanish
Solomon Schechter Day School – Hebrew
Bristow Middle School – Hindi
King Phillip Middle School – Urdu
Intensive Education Academy – Russian
Hall High School – Chinese
Webster Hill—Vietnamese

And many others......

## How to Get Involved

**Businesses** can welcome all residents to their establishments by greeting customers with "Hello and Welcome" in different languages.

**Individuals** can get involved by attending events, visiting our website, and greeting one another in the different languages.

**Schools** and **Community Groups** can feature a language – make a video, share customs and food, and explore the country of origin of that language.
